Shields up! Protect your data and computers

What is ManagedSecurity™?

Paladin's ManagedSecurity™:

- Provides a **complete** computer security solution for your business.
- Protects against the threat of viruses and malware using the power of Trend Micro™.
- Includes remote, real-time monitoring by our IT experts.

Shields up! Protect your data and computers

How does ManagedSecurity™ protect my business?

Managed For You. Your security is monitored 24/7/365.

Proactive Protection. As new threats are identified, you get antivirus updates every three minutes to ensure uninterrupted protection for all your computers.

Growth Potential. One terminal or twenty, your computers are always current, always protected.
